

PROJECT WORK- 9
SOME NATURAL PHENOMENA

Some items to be given as project work for class-08 students.

They can do any one of the following. The report should be in at least two A4 pages.

1. Which country in the world is frequently effected by earth quakes ? Collect the information and photographs on the recent earth quake in Japan.
2. Find out if there is an organization in your area which provides relief to those suffering from natural disaster. Enquire about the type of help they render to the victims of earthquakes. Prepare a brief report on the problems of the earth quake victims.
3. How do you relate the energy release during the collision of fault lines during earth quakes to the atmospheric variation on the surface of the earth.
4. Collect the information about thunder bolts. How can people protect themselves from thunder bolts.
5. Collect the information about life history of Benzamin Franklin. Collect the related photographs.
6. Collect the information about Earth quakes and the conditions to occur earth quakes.
7. Collect the information about Natural disasters.
